Main radio frequency for DRIVE will be BFG Relay – 151.715

Main Pit – Start/Finish will be in Plaster City West

What is WCT Townsel?

On Saturday morning May 16, 2009, Wes Townsel with his two sons, Cody 10 and Tanner 5, left his wife Jenifer and daughter Hailey at home. They were headed out to go

fishing on the East Highline Canal, a normal trip where they had been countless times before, but this time they would not be coming home. As Wes was driving his sons to the canal they were involved in a tragic accident that took all three of their lives.

Not only did this accident leave Jenifer with the unimaginable heartache of losing all three of her boys at once, but it also left her with the burden of having to pay for the services to put them to rest.

Wes and his family are close friends of Larry Cox and his wife Tracy. Most of you know that Larry and Tracy are dedicated volunteers of DRIVE. Larry spends countless hours in the desert with me looking for new courses and Tracy is an important part of our timing team. Wes was also a friend to the off roading community here in Imperial Valley. We named this race after Wes, Cody, and Tanner to give back to the Cox Family, the Townsels, and to the Imperial Valley Community.

Updated information will be posted on the DRIVE Message Board at <http://drive-racing.com/message-board/>
